# Summary Narrative

Last Saved: February 22, 2012

**Losing Facility Name and Type:** Truth or Consequences CSMPC

**Current 3D ZIP Code(s):** 879

**Type of Distribution to Consolidate:** Orig & Dest

**Gaining Facility Name and Type:** Albuquerque NM P&DC

**Current 3D ZIP Code(s):** 870-872, 875

## **Background:**

The Albuquerque NM Processing and Distribution Center (P&DC) with assistance from the Western Area Office has completed an Area Mail Processing Study (AMP) to determine the feasibility of moving the originating and destinating processing from the Truth or Consequences NM Customer Service Mail Processing Center (CSMPC) into the Albuquerque P&DC. The proposal encompasses mail processing for the 879 ZIP code area.

The Truth or Consequences NM CSMPC is a leased facility that processes originating mail for ZIP code 879 Monday through Friday and destinating mail for ZIP code 879 Monday through Saturday. The Truth or Consequences CSMPC currently processes incoming manual letters and flats, and incoming parcels for the 879 offices. In addition to processing operations, the facility houses a BMEU. The Truth or Consequences (CSMPC) houses 4 City routes and 3 HCR's that deliver to street, POB, and Star Routes to other PO, retail and post office box operations. They also have a Campus Station CPU located at 801 Leroy, Truth or Consequences, NM 87901 that has 2000 PO Boxes. The Truth or Consequences CSMPC is 148 miles south of the Albuquerque P&DC. The Truth or Consequences facility would be retained as a hub and spoke for ZIP code 879.

## **Financial Summary:**

Annual baseline data came from July 1, 2010 to June 30, 2011. Financial savings proposed from this consolidation of outgoing and incoming operations are:

Total First Year Savings	\$ 78,200
Total Annual Savings	\$ 78,200

## **Customer Service Considerations:**

Business mail acceptance, retail window hours, caller service, and collection box last pick up times will not be impacted by this consolidation. A local postmark will be available for stamped First-Class Mail. Delivery times of mail to residences and businesses will not change as a result of the AMP.

## **Service Standards Impacts:**

The proposed consolidation will support a 2- to 3-day service standard for First-Class Mail. The 879 ZIP code will share the Albuquerque P&DC service standards and the intra ZIP 879 overnight service of Express and Priority mail will be maintained.

Specific service standard changes associated with this Area Mail Processing consolidation are contingent upon the resolution of both (a) the rulemaking in which current market dominant product service standards in 39 CFR Part 121 are being evaluated, and (b) all remaining AMP consolidation proposals that are part of the same network rationalization initiative. A complete file reflecting any new service standards will be published at [www.usps.com](http://www.usps.com) once all of the related AMP decisions that provide the foundation for new service standards are made. Priority and Express Mail service standards will be based upon the capability of the network. Collection Box pickup times will not change.

## **Transportation Changes:**

Transportation Savings: None

The transportation needs for both the Truth or Consequences and Albuquerque facilities are currently serviced by Highway Contract Routes (HCR). All existing HCR's were reviewed individually between Truth or Consequences and their downstream offices. There are no transportation savings associated with this AMP.

T or C AO's serviced by routes 87935, and 87942, will return their collection mail to T or C (Hub). T or C will transport all AO collection mail to the Albuquerque P&DC (gaining facility) for processing. All AO's have been evaluated and due to the distance of the gaining facility; returning back to the Hub is the most efficient line of travel. HCR 87910, and 87011 - Each trip has been evaluated for utilization and they both have high utilization. Due to the high utilization of all trips, both HCR's and all trips will remain as scheduled

rev 06/10/2009

# Summary Narrative *(continued)*

**Staffing Impacts:**

**Craft**

The AMP study indicates a decrease of zero (0) F4 craft.  
The results of the AMP study indicate a Mail Processing Craft Work hour Savings of \$ 64,340.

**EAS**

This AMP study indicates a net decrease of two (2) EAS positions.

No EAS positions lost at the Truth or Consequences CSMPC which will have an authorized of 1 position, a current on the rolls of 1 position, and a proposed staffing of 1 position. EAS staffing will decrease in the Albuquerque P&DC by two (2) positions.

As a matter of policy, the Postal Service follows the Worker Adjustment and Retraining Notification Act's ("WARN") notification requirements when the number of employees experiencing an employment loss within the meaning of WARN would trigger WARN's requirements. Some or all of the impacted employees described above may not experience an employment loss within the meaning of WARN due to transfers or reassignments.

Mail Processing Management to Craft Ratio				
Management to Craft <sub>2</sub> Ratios	Current		Proposed	
	SDOs to Craft <sub>1</sub> (1:25 target)	MDOs+SDOs to Craft <sub>1</sub> (1:22 target)	SDOs to Craft <sub>1</sub> (1:25 target)	MDOs+SDOs to Craft <sub>1</sub> (1:22 target)

Albuquerque P&DC	1 : 22	1 : 20	1 : 25	1 : 22

<sup>1</sup> Craft = FTR+PTR+PTF+Casuals  
<sup>2</sup> Craft = F1 + F4 at Losing; F1 only at Gaining

Management and Craft Staffing Impacts							
	Truth or Conseq			Albuquerque P&DC			Net Diff
	Current On-Rolls	Proposed	Diff	Current On-Rolls	Proposed	Diff	
Craft <sup>1</sup>	10	10	-	570	570	-	-
Management	1	1	-	44	42	(2)	(2)

<sup>1</sup> Craft = FTR+PTR+PTF+Casuals

**Equipment Relocation:**

The equipment set shown in this AMP study is a Postal Headquarters proposed equipment set to meet the needs of the originating and destinating AMP Studies for 813 Durango, 874 Farmington, 878 Socorro, 879 Truth or Consequences, and 884 Tucumcari.

The Headquarters' equipment set proposal removes all three DBCS-OSS machines, and adds one DBCS machine, and three DIOSS machines to the current equipment inventory at the Albuquerque P&DC. Equipment relocation costs will be split between Truth or Consequences NM and other concurrent initiatives going into Albuquerque P&DC: Durango CO, Farmington NM, Socorro NM, and Tucumcari NM.

**Operational Space Layout and One Time Costs:**

The Albuquerque P&DC Operational Space Layout (OSL) places the proposed additional equipment in existing work room floor space.

There are no One Time Costs associated with this AMP.
