On March 10, 2014 a proclamation entitled; "A Postal Union Alliance" was signed by the Postal Union Presidents representing the Mail Handlers, American Postal Workers, City Letter Carriers and Rural letter Carriers. The purpose of the agreement is to show our solidarity, and to protect the invaluable institution that is the United States Postal Service. We call upon our members, and the American Public to join with us in this important endeavor.

"The United States Postal Service shall be operated as a basic and fundamental service provided to the people by the Government of the United States, authorized by the Constitution, created by Act of Congress, and supported by the people. The Postal Service shall have as its basic function the obligation to provide postal services to bind the Nation together... It shall provide prompt, reliable, and efficient services to patrons in all areas and shall render postal services to all communities." - Postal Reconstruction Act, as another

PROCLAMATION

A POSTAL UNION ALLIANCE

The U.S. Postal Service is under unprecedented attack. A congressionallymanufactured financial crisis drains the USPS of vital resources. Six-day delivery is under constant threat of elimination. The reduction of service standards and the elimination of half of the nation's mail processing centers has slowed service and wiped out tens of thousands of good jobs. Post offices in cities and small towns are being sold or closed or having their hours cut back. Corporate privatizers seek to gain control over larger segments of postal operations – and to get their hands on the Postal Service's \$65 billion of annual revenue. The Postmaster General's policies of subcontracting and degrading service are fueling the privatization drive.

The four postal unions stand together to end the attack. We stand for a *public* Postal Service, enhancement and expansion of service, and protection of good union jobs in our communities. We stand with the people of our country in defense of their right to a universal postal service operated in the public interest.

We commit to work together to:

- · Maintain six-day and home delivery.
- · Protect and restore service standards and mail processing facilities.
- Maintain full-time, full-service public post offices in every community.
- · Oppose the subcontracting of work and privatization of services.
- Expand postal services to include basic banking, notary, check-cashing and other services.
- · End the corporate welfare of excessive pre-sort discounts.
- Form a common front in the fight for genuine postal reform legislation.
- · Organize joint actions and speak in a united voice.
- · Unite with other labor unions in defense of the rights of postal workers and all workers.
- Encourage joint efforts of our union members at the local level.
- Support maximum cooperation in the next round of contract negotiations.
- · Build an alliance with the American people in defense of the public postal service.

WE STAND UNITED TO PROTECT AMERICA'S POSTAL SERVICE!

2014 WALK TO CURE DIABETES

The Juvenile Diabetes Research Foundation (JDRF) was founded by parents of children with type 1 diabetes (TID) more than 40 years ago. For much of that time, JDRF has been the official charity sponsored by the National **Postal Mail Handlers Union.** Every year we sponsor, raise money and walk to support this cause for our children and their families who struggle with this disease. This year our walk, which is now organized as "The Greater Chesapeake and Potomac Chapter" will be held on Sunday, June 1, 2014 on the National Mall in Washington, DC. **Please consider making** a donation to support the **NPMHU** team. Visit www.npmhu.org for additional details.
