

MAKE YOUR VOICE HEARD! REGISTER TO

VOTE

The NPMHU is constantly fighting for you and your family on Capitol Hill, in Washington, DC, where decisions are being made that directly affect your retirement, your health insurance, your life insurance, your safety and health, and even your pay. The Union must convince lawmakers to support our efforts to protect those important benefits.

That is why voting is so important. As we have seen in prior elections, it takes just a few votes to make a difference between electing a President or other representatives who understand what's important to mail handlers and those who want to destroy or reduce what you have earned through hard work.

Members often ask, "why should I vote? My vote never really matters." Many non-voters do not think that voting will change their lives for the better. But that is simply false. It is false for all workers, but it is especially false for mail handlers. Because you are a postal employee, your pay and benefits are directly tied to the actions taken by your representatives in Congress and the President. Need convincing? Just look at some of the more onerous legislative recommendations currently being considered by the Congress.

If you need a voter registration card, they are easily obtainable at your local library, or at your board of elections. Most states allow its citizens to initiate voter register online, or through the mail. Registering to vote is easy. You can only elect responsible leaders if you cast your vote, and you can only cast that vote if you are registered. You have a voice. Make it heard. Register and VOTE!
