Dear John:

This serves as follow up to the notices dated May 16 & 17 (enclosed) regarding the modified network consolidation plan for implementation of the decisions announced on February 22. In that notice you were informed that following a break from September through December, for election and holiday mail seasons, the first phase would resume in January 2013. In the May 17 notice you were provided a listing of the sites and implementation schedule in advance of the public release.

Enclosed for your information is an updated listing of the Winter 2013 site listing for network consolidations. As stated in the February announcement and May notices, it is projected that these consolidations will result in significant savings for the Postal Service. Some affected career employees may be reassigned to other vacant positions. Reassignments will be made in accordance with the collective bargaining agreement.

Sincerely,

A handwritten signature in black ink that reads "P. M. Devine".
