of the National Postal Mail Handlers Union

A DIVISION OF THE LABORERS'
INTERNATIONAL UNION
OF NORTH AMERICA,
AFL-CIO

As Amended By The National Convention

August 11-16, 2008

Additions or revisions made by the delegates attending the NPMHU's 2008 National Convention are set forth in **bold** print.

PREAMBLE

We, the National Postal Mail Handlers Union, establish this Constitution in order to form a more perfect union.

We believe that all working people and all human beings have a right to a safe and decent living at a reasonable wage and that all members of society are entitled to equal and fair justice.

We believe that all people, regardless of race, color, sex, sexual orientation, age, national origin, physical or mental handicap, or creed are entitled to equal opportunity and treatment. We further believe that all members of society should challenge such pernicious evils as racism, sexism, and capital's domination of labor.

We also believe that it is important for the working class to ever realize that "in unity there is strength" and that "an injury to one is an injury to all."

ARTICLE II - Headquarters

The headquarters and general office of this Union shall be located in the City of Washington, District of Columbia, or vicinity.

ARTICLE III - Seal and Insignia

The seal and insignia of this Union shall be as follows:

This seal and insignia shall constitute and be the official mark of this Union and of all its subordinate bodies; however, nothing contained herein shall prevent any Local Union from designing and adopting a modification to this seal and insignia for identification of the Local Union. All subordinate bodies **and members** shall be subject to the orders and instructions of the National President respecting the publication and use of the seal and insignia of this Union.

ARTICLE IV - Objectives

Section 1. The objectives of this Union shall be to unite for their own advancement and betterment, and for the advancement of the United States Postal Service, regardless of race, color, creed, nationality, religion, age, sex, sexual orientation, or physical or mental handicap, all postal mail handlers

and such other employees who come within the Mail Handlers craft or jurisdiction, including but not limited to all operations directly or indirectly related to postal and mail handling operations, whether performed by employees of the United States Postal Service or any other employer, and all other federal employees (whether or not postal employees) who wish to affiliate as associate members of this Union.

Section 2. This Union shall strive to advance the interests of its members and protect the integrity of the craft jurisdiction of this Union through mutual cooperation, organizing the unorganized, collective bargaining, the promotion of legislation, the provision of benefits such as sick, accident, and similar benefits to its members, and all other peaceful and lawful means whereby labor organizations seek to promote and advance a broad spectrum of economic and social objectives. This Union shall function in accordance with all applicable laws, regulations and executive orders. This Union shall also function to advance the interests of the working class as a whole.

Section 3. This Union shall seek to achieve a safer and healthier work environment and better working conditions for postal employees. It will seek to educate its members and the general public in the history of the labor movement and the struggle for democratic unionism. This Union will engage in legislative and other efforts to obtain the enactment of laws to protect and enhance the welfare of workers, and to repeal laws which it believes are unjust to labor.

Section 4. This Union shall seek to advance the interests of its members by promoting professionally accepted standards of financially sound management of its day-to-day operations.

ARTICLE V - Membership

Section 1. Any person employed in the Postal Service classified as a mail handler or other employee who comes within the Mail Handler craft or jurisdiction, or any employee in the classifications set forth in Article IV herein or in any other present or future classifications within the jurisdiction of this Union, shall be eligible for regular membership in this Union. In order to participate in the Mail Handlers Health Benefit Plan or any other union-related insurance benefit program that may be established, employees in the Mail Handler craft or otherwise within the jurisdiction of this Union, as defined by Article IV, Section 1, are required to be regular members of this Union.

Section 2. Individuals employed in any branch, department, or agency of the federal government, including the Postal Service, who do not otherwise qualify for regular membership in this Union may be admitted to associate membership in this Union upon the payment of the dues provided in Article

XIV or on such other terms and conditions as shall be permissible under applicable law and regulations and as shall be determined by this Union.

The National Postal Mail Handlers Union shall be entitled to retain fifty-one cents (\$0.51) per pay period as per capita tax on such dues of associate members who are on dues check off. In the case of associate members who are not on dues check off, and who are not postal employees, the National shall receive ten dollars (\$10.00) per year associate membership fee from the forty-two dollar (\$42.00) associate membership dues per year. The Local may pay the ten dollars (\$10.00) per associate member dues prior to January 31st. The National shall have the right to deduct the associate member fee from the Local dues check off on a quarterly basis should the Local fail to pay its associate members fee.

Membership by a Federal employee in any other affiliate of LIUNA shall constitute associate membership in this Union for the purpose of participation in the Mail Handlers Health Benefit Plan and any other National or Local Insurance or Benefit Plan which may be established.

Section 3. An individual shall obtain membership in this Union by executing and submitting to this Union or a Local Union thereof an application for membership or a dues deduction authorization form **and by making at least one full payment of dues.**

Section 4. It shall be the duty of all members to faithfully abide by this Constitution and the rules and regulations of this Union, to uphold and defend the rights of every other member under this Constitution and to aid and support enforcement of the duties of every other member under this Constitution, and to support the enforcement of, and maintain the integrity of, collective bargaining agreements negotiated by the Union.

Section 5. Members who have retired from employment and who at the time of retirement were members in good standing in this Union shall be entitled to maintain their membership. Such members who continue to pay regular dues shall be entitled to all rights and privileges of membership, except the right to run for office and the right to nominate or vote for union officers or delegates. Any such member who does not continue to pay dues shall be entitled, in the alternative, to maintain an honorary membership.

Section 6. Associate members are members of this Union and shall be entitled to participate in activities of the Union and of its subordinate bodies affecting their rights as associate members or as members of Union benefit plans; provided, however, that associate members shall not be entitled to vote or serve as officers or delegates, or to attend those portions of Local Union meetings not affecting their rights as associate members or as members of Union benefits plans.

Section 7. All members in good standing shall have equal rights and privileges in this Union and every member shall have the right, subject to the provisions of this Constitution, to nominate candidates, to run for office, to support candidates of their choosing without fear of reprisal, to vote in elections and referenda, to attend membership meetings of his or her Local Union, to express any views, arguments, or opinions, to meet and assemble freely with other members, and to participate in the discussions, deliberations and voting upon the business of membership meetings; provided however that only working members employed by the Postal Service or any other employer with operations directly or indirectly related to postal and mail handling operations may nominate or vote for union officers or delegates.

Section 8. No member may be fined, suspended, expelled, or otherwise disciplined except for the nonpayment of dues unless such member has been served with specific, written charges, given a reasonable opportunity to prepare his or her defense, and afforded a full and fair hearing.

Section 9. All regular members employed by the Postal Service shall be entitled to ratify or reject by majority vote national contracts or parts thereof tentatively agreed to through negotiations prior to expiration of existing contracts in accordance with procedures published by the National Executive Board in a timely fashion prior to ratification. Members shall be furnished with the text of any proposed changes and deletions together with their ballots. The outcome of the membership referendum shall be binding. The fundamental commitment of this union to membership ratification of national contracts requires that the timetable of negotiations will be arranged to ensure a binding referendum on tentatively agreed-upon national contracts or parts thereof reached prior to expiration of existing agreements.

Any Local Union which has not been in

The National President shall acknowledge such protest and advise the member as to the manner in which such protest will be considered by the Credentials Committee.

Section 13. Prior to the convening of a National Convention there shall be furnished to each Local Union and each other eligible subordinate body original and duplicate delegate credentials. Upon receipt of such credentials, the President of each Local Union shall sign both the original and duplicate credentials. The President of each other eligible subordinate body shall follow the same procedure. The original credentials shall then be forwarded to the National President no later than twenty (20) days prior to the opening of the National Convention. The duplicate credentials shall be presented to the Credentials Committee by each delegate. A delegate shall be required to register with the Credentials Committee in order to be duly accredited and seated at the National Convention.

Section 14. The order of business and rules of the National Convention shall be considered by the Committee on Rules, and it shall prepare its report for submission to the National Convention for adoption or modification at the opening thereof. The report of the Committee shall be provided to each delegate upon registration at the Convention.

Section 15. Resolutions submitted for consideration of the National Convention must be received by the National President no later than **sixty (60)** days prior to the opening date of the National Convention. Such resolutions shall be referred to the Committee on Resolutions for consideration and

recommendation to the Convention delegates for adoption, modification, or rejection thereof.

Section 16. Alternate delegates may be seated in the absence of regular delegates upon presentation of proper credentials and certification by the **Credentials** Committee.

Section 17. Each Local Union and other subordinate body shall be responsible for the reasonable living and travel expenses incurred by its delegates.

Section 18. The National Executive Board shall have the power following the adoption of a resolution or a constitutional amendment by the National Convention, to make such typographical, grammatical, and punctuation corrections, rearrangements, and renumbering of articles and sections, or otherwise, including the supplying or remedying of inadvertent omissions or errors, as are necessary to carry out the spirit and intent of any resolution or amendment adopted.

ARTICLE XIII - Local Unions and Other Subordinate Bodies

Section 1. This Union shall consist of Local Unions and other subordinate bodies. The National President, subject to the approval of the National Executive Board, shall have the authority to issue Local Union and subordinate body charters on such terms and conditions as s/he shall deem appropriate. No such charter shall be issued where there is in existence a Local Union having jurisdiction over the Postal Service facility where there are employees within this Union's jurisdiction. The National President, subject to the approval of the National Executive Board and by majority vote of the members of each affected Local Union, shall have the authority to amalgamate or de-amalgamate, affiliate, and otherwise alter existing Local Unions where s/he deems such action necessary or advisable, and such authority shall not be limited by any other provision of this Constitution or of the Uniform Local Union Constitution.

Section 2. Neither this Union or any subordinate body thereof shall be established or maintained on any racial, religious, national, or other discriminatory or restrictive basis; nor shall membership in this Union or any subordinate body thereof ever be conditioned or limited upon the basis of such discriminatory considerations. Mail Handler officers, agents, and members shall not discriminate against any specified group on the basis of race, religion, color, creed, sex, sexual orientation, age, physical or mental handicap, place of national origin, or political affiliation.

Section 3. All Local Unions and other subordinate bodies shall be responsible for timely payment of such per capita tax and assessments as are

levied in accordance with this Constitution. Any Local Union or other subordinate body which becomes sixty (60) days in arrears in the payment of per capita tax or assessments may have its charter suspended. Before implementation, notice of such proposed suspension, including amounts allegedly owed and the method of computation, shall be served upon such bodies. This notice shall be appealable to the National Executive Board within thirty (30) days; the Board shall, in turn, render its decision within thirty (30) days of receiving the appeal during which period the charter shall remain in effect.

Section 4. No Local Union affiliated with this Union may dissolve, disaffiliate, or secede while five (5) or more regular members desire to continue the Local Union in existence; and all funds, assets, and property, real and personal, of a Local Union shall remain in the Local Union as long as it continues in existence. In the event of the complete dissolution of any Local Union or its disaffiliation or secession by unanimous vote or otherwise, all the funds, assets, and properties, real and personal, of the Local Union shall revert to this Union. No subordinate body other than a Local Union may dissolve, disaffiliate or secede except in accordance with its affiliation agreement and Constitution.

Section 5. Under no circumstances shall any Local Union or subordinate body of this Union distribute its funds, assets, or properties, or any part thereof, individually among its membership.

ARTICLE XIV - Dues and Per Capita Tax

Section 1. The per capita tax payable to this Union shall be \$5.65 (five dollars and sixty-five cents) per regular member per pay period.

Section 2. Between National Conventions of this Union, the National Executive Board shall have the authority, by majority vote, to increase or decrease the per capita tax per regular member of this Union with the consent and approval of two-thirds of all Local Presidents.

Section 3. The dues of all regular members shall be fifteen dollars and fifty cents (\$15.50) per member per pay period. Each time that Mail Handlers receive a general negotiated or arbitrated wage increase (not including cost-of-living increases), the dues for each Local's regular members shall be increased by fifty cents (\$.50) per pay period, of which amount ten cents (\$.10) shall be deducted by the National as increased per capita tax. Such dues and per capita tax increase shall go into effect as soon as possible after the effective date of each general negotiated or arbitrated wage increase. However, only one such dues increase per calendar year will be allowed.

Such dues structure shall be maintained in order to permit each Local Union to function effectively and represent its members adequately; however, a

Local, to function efficiently and represent its members, may request the National Executive Board, with the approval of two-thirds of the Local Presidents, to forgo its per capita taxes for a specified period. These provisions should not be construed to restrict Local Unions from establishing a dues structure for its regular members in excess of, or less than, provided herein. A Local may request the National office to waive the fifty cent (\$.50) increase or any portion thereof. However, this waiver shall not affect the ten cent (\$.10) per capita tax increase.

Section 4. The per capita dues of associate members payable to this Union shall be forty-two (\$42.00) dollars per year for both postal and federal government associate members. In the case of postal associate members, the National Union shall be entitled to retain fifty-one cents (\$.51) per pay period as a per capita tax for such associate members. That fifty-one cents per pay period per capita tax for those postal associate members who are on dues check off will be deducted from the dues check off payments made by the Postal Service to the National Postal Mail Handlers Union pursuant to the National Agreement. In the case of associate members who are not postal employees, the National shall receive an ten dollar (\$10.00) per year associate membership fee from the total forty-two dollar associate membership annual dues payable by those associate members. That amount shall be paid to the National Union in the course of the billing and collection of those annual associate member dues pursuant to the National Uniform Billing Program. The remainder of the forty-two dollar (\$42.00) annual associate members dues minus the cost of collection under the Uniform National Billing Program shall be returned to the Local Union on a regular periodic basis pursuant to the Uniform National Billing Program; provided, however, that the costs of collection shall be published and distributed annually to the Local Presidents, together with a complete explanation of increases which shall be approved by the National Executive Board.

Section 5. Where Locals are responsible for collecting membership dues, they may deduct from the per capita dues owed to the National Union a pro rata portion which reflects the same cost of collection as last published and approved by the National Executive Board for the Uniform National Billing Program.

Section 6. Associate member dues shall be credited promptly each month to the Local Union having jurisdiction over the member's workplace.

Section 7. Each member of this Union shall be responsible for ensuring the timely payment of his or her membership dues. Members whose dues are not paid within ninety (90) days shall be automatically suspended from membership in accordance with the Uniform Local Union Constitution.

Section 8. Annually, if funds permit, the apportionment, distribution, and allocation of the per capita tax shall be as follows: first, not less than six hundred thousand dollars shall belong to and be placed in a surplus trust account; second, not less than one million seven hundred thousand dollars shall belong to and be expended on the Contract Administration Department.

ARTICLE XV - Financial Affairs/Standards

Section 1. The fiscal year of this Union shall commence on the first day of January of each year.

Section 2. All officials or employees of this Union who shall handle funds received or expended by this Union shall be bonded in such amounts as the National Executive Board shall from time to time determine.

No contracts or expenditures of Union funds shall be made which will result in the personal profit or advantage of any officer or employee of the Union.

Section 4. Funds belonging to the National Union or any Local, except as may be necessary to pay current expenses, shall be invested in interest-bearing accounts, in safe interest-bearing securities, or in such other investments as the National Executive Board or the Local Executive Board, as appropriate, may authorize. No funds may be deposited in a safe deposit box. No funds may be invested in or loaned to any business which bargains collectively with the Union. No funds shall be invested or loaned in a manner which results in the personal profit or advantage of any officer or employee of the Union, nor shall any Union funds be loaned to any Union officer, employee or member, except as advances for reimbursable expenses.

ARTICLE XVI - Publications

“The Mail Handler” shall be the official publication of this Union. Regular members of this Union shall be mailed “The Mail Handler” on a quarterly basis. Additional publications may also be sent to members in order to keep them fully apprised of events of concern to them.

ARTICLE XVII - Trials of National Officers

Section 1. Charges that a National officer has violated his or her obligations as a member or officer shall be made in writing and signed by the member(s) preferring the charges. The charges shall be duly sworn to and attested by a notary public and must state the exact nature of the alleged offenses and, so far as possible, the times and places the alleged offenses took

place, and the specific provisions of this Constitution or public law that have been violated. The charges shall be endorsed by at least five Local Union Councils and shall be submitted to the National Secretary-Treasurer unless the charges are against him or her in which case they shall be submitted to the National President.

Section 2. The National officer against whom the charges have been preferred shall be notified of such charges by certified mail, return receipt requested, within ten (10) days after the charges have been filed. The officer and the complainant shall also be notified at the same time of the date, time and place of a hearing not less than fifteen (15) days from receipt of such notice. The complainant and the accused shall have the right to present all relevant evidence and to hear all evidence presented, to confront and examine or cross-examine all witnesses and to present oral argument and written briefs. Members who are summoned by certified mail, return receipt requested, to appear as witnesses by the Chairperson of the Trial Committee are obligated to appear at the time, date, and place of the hearing specified in the summons. No person shall be required to give evidence which would tend to incriminate herself or himself. No formal rules of evidence shall be applied. Both the complainant and the accused shall be entitled to make a record of the proceedings, provided that such record is made available to the other at cost and that the Trial Committee does not, itself, make a record.

Section 3. The National Executive Board shall serve as the Trial Committee, but any member who has such a relationship to any of the parties or events involved in the proceeding as to prohibit making a fair and objective decision shall disqualify himself or herself. The remaining members shall designate from among the regular members in good standing a sufficient number of individuals necessary to bring the Trial Committee up to seven (7) members. In the event all members of the Executive Board disqualify themselves, the Trial Committee shall be comprised of seven Local Presidents chosen by lot from a pool of all Local Presidents with the exception of those whose Locals endorsed the charges. A fair and open selection process shall be conducted by those Presidents whose Locals have endorsed the charges after notice has been given to the charged individual(s) so that they may observe the lottery selection process. Decisions as to guilt and penalty, if any, shall be made by no less than five members of the Committee, provided however that no officer may be suspended or removed from office except by a unanimous vote of the Committee.

Section 4. In the event the accused is acquitted of the charges and the Trial Committee finds that the complainant or endorsing Locals acted maliciously and in bad faith, the Committee may assess the complainant and endorsing Locals with the costs of the proceedings.

ARTICLE XVIII - Exhaustion of Remedies/Appeals

Section 1. Actions and decisions of the National President shall be appealable to the National Executive Board by sending them to the National Secretary-Treasurer. The Board shall be authorized to grant or impose appropriate relief. Actions and decisions of the National Executive Board or the National Trial Committee shall be appealable in accordance with Article X, Section 1. All such appeals to the National Executive Board and Convention must be in writing and postmarked no later than 30 days following the actions or decisions which are being appealed.

Section 2. Appeals shall state the decision or action which is being appealed and the grounds for the appeal. Copies shall be given to the individual or body whose action or decision is being appealed, as well as to the opposing party. Decisions on appeals shall be in writing, shall include a statement of reasons, and shall be furnished to all interested parties.

Section 3. Whenever an appeal has been filed, the National President may stay the action or decision being appealed if failure to grant such a stay would impose an irreparable injury, create an unnecessary hardship, render the appeal futile, or otherwise defeat the ends of justice.

Section 4. Except as provided by applicable law, no member of this Union or of any subordinate body thereof shall bring or cause to be brought in any court, whether in law or in equity, or before any administrative agency, any action against LIUNA or this Union or any of their subordinate bodies, or the officials, employees, or representatives thereof, in any matter involving rights or obligations which are remediable within the framework and internal processing of this Union without first having exhausted all such internal remedies.

ARTICLE XIX - International Union; Representation at LIUNA Conventions

Section 1. This Union and its subordinate bodies shall be subject to the authority of the Laborers' International Union, as set forth in the International Union Constitution in the same manner as any other subordinate body, except as provided herein provided the LIUNA Constitution does not discriminate against this Union or otherwise single out this Union for separate treatment; and provided further that the exercise of such authority by LIUNA does not infringe in any way upon the powers and rights of this Union and its members, as set forth in this Constitution and the Uniform Local Union Constitution and approved by the Court.

Section 2. This Union's representation at LIUNA Conventions shall

be that provided in Article XII of the 1984 Constitution of the National Postal Mail Handlers Union, as amended (attached as an Addendum at the rear of this Constitution) pending further action by LIUNA.

ARTICLE XX - Amendments

Upon adoption by Convention, amendments shall become effective without further action unless written objection is received from the LIUNA General Executive Board within ninety (90) days.

ARTICLE XXI - Savings Clauses

Section 1. Local Unions and other subordinate bodies of this Union and their officers and members are not agents of this Union and are not authorized to act for, or to otherwise bind this Union except where prior approval or authorization is given in writing by the National President, or where the National President ratifies acts performed by such bodies after written notice thereof. However, in no case shall this Union be liable or responsible for the autonomous acts of its subordinate bodies.

Section 2. If any provision of this Constitution is declared invalid or is rendered inoperative by any competent authority of the executive, judicial, or administrative branch of a state or the federal government, the National Executive Board shall have the authority to suspend the operation of such provision during the period of its invalidity and to substitute in its place a provision which will be in accord with the intended purpose of the invalid provision. Such substitute shall be effective upon adoption and shall remain in effect until the next Convention unless written objection is received from the LIUNA General Executive Board within ninety (90) days.

If any Article or Section of this Constitution is held invalid by operation of law or by any tribunal of competent jurisdiction, the remainder of this Constitution or application of such Article or Section to persons or circumstances other than those as to which it has been held invalid shall not be affected thereby.

The apportionment of delegates shall at all times correspond with the apportionment of delegates set forth in Article V, section 4 of the LIUNA Constitution or its successor provisions. In addition, the members of the National Executive Board shall, by virtue of their office, serve as accredited delegates to the regular Conventions and Special Conventions of LIUNA, and shall be entitled to all the privileges of duly elected delegates, but shall not be permitted to vote for officers unless they are permitted by law to do so. The designation of the members of the National Executive Board as delegates shall not affect the number of delegates to which their respective Local Unions shall otherwise be entitled.

Section 2. The General Secretary-Treasurer shall, not later than the thirty-first (31st) day of the month of May of the Convention year, mail to each Local Union in good standing of this Union a Convention call advising said Local Union of the opening date of the Convention and the city where the Convention is to be held.
