

**LABORERS' INTERNATIONAL UNION OF NORTH AMERICA (LIUNA)  
ENDORSES JOE BIDEN FOR PRESIDENT**

**Statement of LIUNA General President Terry O'Sullivan**

After discussions with our leaders and members, the General Executive Board of the Laborers' International Union of North America (LIUNA) unanimously, enthusiastically, and proudly endorses Vice President Joe Biden and Senator Kamala Harris for President and Vice President of the United States of America. As we celebrate Labor Day 2020, and remember the strife and struggle of those who came before us, Joe Biden and Kamala Harris stand out as the blue-collar candidates.

Vice President Biden never forgets where he came from; never forgets the value of hard work and those who do it; and never forgets that the greatest asset of our country are its working men and women. During these challenging times, our nation desperately needs the steady hand and strong, inclusive leadership that Joe Biden will provide. As we face a once-in-a-lifetime pandemic, the worst economic downturn in decades, more than 30 million working Americans unemployed, and widespread social unrest, Joe will bring all Americans together to solve these problems and move forward as one united republic, with liberty and justice for all.

Joe Biden is one of us; he knows, first hand, the trials and tribulations faced by working men and women across this country. For more than 40 years, he has been a strong and steadfast working-class warrior who knows that we can never back up, never back down, never retreat, and never surrender in the ongoing battle for labor rights, civil rights, and human rights. As both a Senator and Vice President, he has been there with us, and for us, time and time again. He is a true friend of both LIUNA and the entire Trade Union Movement, and we know that as President, he will see every issue that crosses his desk, and every decision he must make, through the eyes of working families.

Senator Kamala Harris is the proud child of decent, hard-working immigrants who, like so many of our ancestors, came to this great land to build a better life for themselves and their children. Throughout her career as an elected official in California, and as a United States Senator, she has stood shoulder-to-shoulder with working people and the unions that represent them. We know that she will make a great Vice-President, and she will help Joe advance a truly pro-labor, pro-union, and pro-worker agenda.

This election is nothing less than a battle for the soul of our nation and the future of the trade union movement. As President, Joe Biden will lead our great country out of the darkness of the pandemic, rebuild and restore our economy, and pursue our highest ideals and aspirations. We can count on him to stand with us on issues of critical importance to LIUNA members and their families, including infrastructure investment, prevailing wages and collective bargaining, pension and immigration reform, protecting federal and public sector workers, strengthening the U.S. Postal Service, and a comprehensive energy policy.

Over the crucial next few months, the 500,000 strong, proud, and united men and women of LIUNA will be on the front lines relentlessly working to elect Joe Biden and Kamala Harris, and making sure that our power is felt at the ballot box.
