## **LIUNA Endorses Secretary Clinton for President**

**Washington, D.C. (November 24, 2015)** – Following a deliberative and democratic process to thoroughly consider the opinions and the views of LIUNA members; including a membership poll and a vote of the General Executive Board, Terry O’Sullivan, General President of LIUNA, made the following statement today on the endorsement of Secretary Clinton:

LIUNA is proud to endorse Secretary Clinton for President of the United States. The strong, proud and united members of LIUNA will be on the frontlines of the 2016 elections; on the streets, knocking on doors, making calls and encouraging family, friends, and neighbors to elect Hillary Clinton as the 45<sup>th</sup> President of the United States.

LIUNA members and leadership believe that Secretary Clinton is the right leader to move our country forward and the most qualified candidate to address the many challenges facing the United States.

LIUNA members are deeply concerned about the direction of our country and are looking for a real leader who will create good jobs, rebuild our country, and grow our economy. Secretary Clinton’s record proves that she is a tough and tested fighter for our nation and for working men and women.

LIUNA is eager to work with Secretary Clinton, as the next President of the United States, to help enact legislation and promote policies that provide long-term investment in America’s roads and bridges, and encourage a real all-of-the-above approach to energy development. We also look forward to working with Secretary Clinton on repeal of the so-called Cadillac tax, fair postal reform, and policies that protect pensions and support public employees.
