Re: **Postal Service releases update of Face Covering Policy.**

Dear Sisters and Brothers:

Please find enclosed a copy of the above-reference document from the Postal Service updating its Face Covering Policy.

According to the Postal Service, with the number of confirmed COVID-19 cases continuing to decline across the country, state, local and tribal jurisdictions have revised their pandemic mitigation measures and have stopped their mandatory face covering policies and social distancing practices. The Postal Service has decided to align with these national changes.

Effective immediately, the Postal Service will no longer require any postal employee to wear a face covering while at work. All previous Postal Service face covering policies are rescinded. Employees may continue to voluntarily wear a mask or face covering if they are so inclined.

The Postal Service will remain diligent and continue to monitor the COVID-19 situation and will make modifications to this policy as needed. The Postal Service will continue to provide face coverings for any employee who requests one.

Please disseminate this information as you deem appropriate. Should you have any questions contact the Contract Administration Department.
