Re: **USPS, Office of the Inspector General, and Corporate Information Security Office (CISO) discovered fake LiteBlue website which closely resemble LiteBlue**

Dear Sisters and Brothers:

Please find enclosed a copy of the above-reference USPS, Office of the Inspector General, and Corporate Information Security Office (CISO) discovered fake LiteBlue website which closely resemble LiteBlue.

This is in further reference to the correspondence dated December 22, where you were notified that the United States Postal Inspection Service, Office of Inspector General, and Corporate Information Security Office (CISO) have discovered fake LiteBlue websites that closely resemble LiteBlue. The website may feature an address ("URL") that is similar to the actual address, such as "LightBlue," "LiteBlu," or "LiteBlue.org." Upon accessing fake sites, cyber criminals will capture your employee identification number and password and may even forward you to our correct site.

As an additional precaution, the Net to Bank and Allotment functionalities have been disabled online in the PostalEASE application accessed externally through LiteBlue via a personal computer as of December 29 until further notice.

Employees may cancel allotments, establish net to bank, or make changes to net to bank via the PostalEASE Interactive Voice Response (IVR) system. IVR is a telephone-based system and may be accessed by calling the Human Resources Shared Service Center (HRSSC) at 877-477-3273, menu option 1. Employees using the IVR system will need to have their employee identification number (EIN) and personal identification number (PIN)

These services can be conducted online via PostalEASE when accessed using a USPS-owned laptop or desktop computer, connected to the USPS network.

The LiteBlue and PostalEASE applications have not been compromised. A limited number of employees have reported unusual account activity involving their PostalEASE accounts, which has been attributed to their prior interaction with the fake LiteBlue websites.

Enclosed is a stand-up talk concerning the information above.

Please disseminate this information as you deem appropriate. Should you have any questions contact the Contract Administration Department.
