Re: **Postal Service delivers new Mandatory Stand-Up Talk to employees concerning Additional CDC Recommendations: Cloth Face Coverings.**

Dear Sisters and Brothers:

Please find enclosed a copy of the above-reference document from the Postal Service regarding a Mandatory Stand-Up Talk to employees concerning additional CDC recommendations: Cloth Face Coverings.

According to the Postal Service, newly published guidance, from the CDC now recommends that people wear cloth face coverings in public settings where other social distancing measures are difficult to maintain because COVID-19 can spread between people interacting in close proximity.

We strongly encourage all employees to follow the CDC's recommendation. If you wish to use a surgical mask for the face covering, you may request a mask from your supervisor. Employees also may bring their own personal cloth face coverings to work for use while on duty.

Employees should not rely solely on the use of cloth face coverings to prevent the spread of COVID-19. Employees also should adhere to social distancing guidelines (6 feet) whenever possible while on delivery routes, at retail counters, and within the postal workplace: in plants, on docks, and in lunch and break rooms.

In addition to social distancing, please remember to follow these CDC recommended prevention methods:

- Avoid close contact with people who are sick.
- Avoid touching eyes, nose and mouth with unwashed hands.
- Stay home when you are sick.
- Cover coughs and sneezes with tissue, then throw tissue in trash.
- Clean and disinfect frequently touched objects and surfaces.
- Wash hands often with soap and water for at least 20 seconds.
- Use a 60-percent alcohol-based hand sanitizer.

## **Additional CDC guidance**

### **Cloth face coverings recommended in public settings**

Throughout the ongoing Coronavirus Disease 2019 (COVID-19) outbreak, the Postal Service has continued to fulfill its critical mission to bind the nation together. Postal Service employees are working hard across the country to ensure we are there for our customers every day, serving as a lifeline for millions of people.

Your safety and wellness are of primary importance to the Postal Service. We continue to follow the strategies and measures recommended by the Centers for Disease Control and Prevention (CDC).

Today, we want to share information on additional recommendations released by CDC regarding use of cloth face coverings.

According to the newly published guidance, CDC now recommends that people wear cloth face coverings in public settings where other social distancing measures are difficult to maintain, because COVID-19 can spread between people interacting in close proximity.

We strongly encourage all employees to follow CDC's recommendation. If you wish to have a face covering, you may request a surgical mask from your supervisor. Employees also may bring their own personal cloth face coverings to work for use while on duty.
